EDUCATION DEPARTMENT.

Darbar High School.

General.—The year under review marks a circumstantial change in the school staff. Some five to six members were so substituted; but it was in no way an encumbrance to the smooth running of the school, for the change was a salutary one for the most part.

The result of the various classes was satisfactory.

Teaching.—With a view to give to the teachers chances for acquiring fair knowledge in teaching, effort has been made to add to the number of books on teaching and Education and such Educational Journals as "The Teaching", "The Punjab Educational Journal" and the like were subscribed for the School Reading Room together with the daily papers.

Inspection.—This year the High School was inspected by Doctor Deshpande, Professor Holker College, Indore, and Rai Sahib P. B. Joshi, Head Master Government High School, Ajmer, in connection with the application of the school for the grant of permanent affiliation in subject Science which was so far provisional only. They laid down a few provisional conditions on fulfillment of which they recommended permanent Recognition. These conditions have now been fulfilled with a special state grant for the purpose.

Extra Circular Activities of the School.—Apart from the Academic work as such carried on in accordance with the system, it is really

gratifying to note that side activities (no less important to Educational Institutions at present also received a very great impetus.

Prize Distribution Tournament etc.—This year the Rajadhiraj Saheb was pleased to grant a decent sum for Prize Distribution. The function infused a new spirit of healthy competition amongst the students both in study as well as in the games and sports, for games and sports were duly prized. A foot-ball tournament was organized in connection with the occasion in which some 4 to 5 local teams entered.

Debating Union.—The Debating union of the school presents another form of activity in that it stimulates among students power of discussion and speaking. The teachers by taking part in debates add lively interest in the discussions, thereby encouraging the boys rightly.

Prefect System.—With a view to give to the senior most boys a chance of beginning in the management of small affairs a prefect system was organized consisting of

- (a) The captains of Foot-ball and the Volley-ball Teams.
- (b) The Monitors of the X and IX classes.
- (c) The Secretary of the Debating Union.
- (d) The General Captain for the Games.
- (e) One Elected representative of the boys.

These prefects are to improve the conduct of the boys through moral pressure and citing good examples of their own self.

In so doing they act under the close guidance of the Head Master.

Scout Activity Tour.—This year the Scouts of the School went on a Mewar Tour. They visited all the important places of Mewar, Chiefly the historical ones. Such places as the proud fortress of Chittor and the Battle Ground of Haldi Ghati served as a true romance and adventure to the students. Matches were played by these boys on their way and the High School extracted due appreciation.

The School Compound and the Play Grounds:—Close to the vicinity of the School and the Hostels there are playgrounds. Volley Ball nets are also provided close abouts. Due to the nearness of the play grounds the games time table runs in smooth working order. On the whole in the words of the Director of Education "There is nothing which requires any marked chance or a closer attention."

Vernacular Middle School.

The Highest Examination for which the boys are prepared in the V. M. School is the Vernacular Final Examination of the United Provinces.

During the year under report 4 boys came out successful out of 6. The results of other classes were also quite satisfactory.

Primary Education is imparted in the City Branch School.

There are 10 Primary Schools in the District namely Dhikola, Kanechan Kalan, Kadi sehna, Bachkhera, Arur, Phulia Kalan, Dohria, Rehr, Kothian and Taswaria. One private aided school exists at Dhanop and is maintained by shriman Maharaja Sahib. The number of boys on roll is 19 and the daily average attendance is 13. 81.

There is also a Girl's School at the capital having on its roll 451 girls. The Girls' School has been shifted to a palatial building with its own compound where the girls can play and do physical exercise. A new Head Panditani has also been engaged on a good salary.

The Education in all the schools is free.

Games.—Games of the late have been re-organised on the model of "All Play Movement". The programme is chalked out in such a manner that every student plays daily at least for 40 minutes. The games include, Football, Volley Ball, Tug of war, Lathi and other lighter games. The annual Prizes were distributed on March 14th, 1935.

In order to encourage the learning of Sanhita and Karamkand and Sanskars (Vedic and Puranic) and Dharamshastras, the Goutam Karam Kand Pathshala has been established. During the year under report 18 boys were examined and 14 boys got through. The cash prizes were distributed on the occasion of Raksha Bandhan to the successful candidates.

With the boys of the above Pathshala other gentlemen of the Brahman community were also examined in Sanhita and Sanskars, and cash prizes were also given to them. The result of this encouragement is that the tendency of learning Vedas is increasing day by day among the Brahmans.

BOARDING HOUSES.

Three Boarding Houses are being maintained by the State namely (1) The Karamsot Boarding House (2) The Sudarshan Boarding House and (3) The Brahma Boarding House.

The Karamsot Boarding House named after the illustrious mother of the late Raja Dhiraj Saheb has on its roll 9 boarders and the Sudarshan Boarding House named after Rajkumar Sudarshan Devji maintained 11 boarders.

The Brahma Boarding House has 13 boarders on its roll. The boys are prepared in this Boarding House for the Sanskrit Prathama and Madhyama Examinations of the Queen's Sanskrit College, Benares. During the year under report 2 boys were sent up for Madhyama (third year) and they both came out successful. One boy was sent up for Madhyama (second year) and he failed. One boy was sent up for Madhyama (first year) and he passed. One boy was sent up for the Prathama Pariksha and he got through it.
